## WHAT HAS HAPPENED?

Saudi Arabia shipped 80 metric tons of liquid oxygen to India as the country is perilously running low on supplies due to a recent surge in coronavirus cases.

The urgent supply shipment is being undertaken in coordination with India's Adani group and Linde company.

 **India in Saudi Arabia**  @IndianEmbRiyadh

Embassy of India is proud to partner with Adani group and M/s Linde in shipping much needed 80MT liquid oxygen to India. Our heartfelt thanks to Ministry of Health Kingdom of Saudi Arabia for all their help, support and cooperation.

**Gautam Adani** ✓  
@gautam\_adani

Thank you [@IndianEmbRiyadh](#). Indeed, actions speak louder than words. We are on an urgent mission to secure oxygen supplies from across the world. This first shipment of 4 ISO cryogenic tanks with 80 tons of liquid oxygen is now on its way from Dammam to Mundra. (1/3)

The first shipment of four ISO cryogenic tanks filled with 80 metric tonnes of liquid medical oxygen are already on their way from Dammam in Saudi Arabia to Mundra in Gujarat.

The group is also securing 5,000 medical-grade oxygen cylinders from Linde Saudi Arabia.

**Gautam Adani** ✓

@gautam\_adani

In addition to ISO cryogenic tanks, we are also securing from Linde Saudi Arabia another 5,000 medical-grade oxygen cylinders. These too will be quickly sent to India. I am thankful to our Ambassador to Saudi Arabia Dr. Ausaf Sayeed for assisting us in this regard. (3/3)

In addition to these efforts, the conglomerate is **also arranging additional oxygen supplies** for rapid distribution **in Gujarat**.

In a Twitter post, Adani shared that each day his group is **supplying 1,500 cylinders** with medical oxygen **to wherever they are needed in Kutch of Gujarat**.

**Gautam Adani** ✓ @gautam\_adani · Apr 24, 2021

Replying to @gautam\_adani

Back home, we are also arranging additional oxygen supplies for speedy distribution in Gujarat. Everyday, our teams are hard at work, filling 1,500 cylinders with medical oxygen and transporting them to wherever they are needed in Kutch district. (2/3)

Adani Group's efforts add to the **contributions being made by the private sector** majors like **Tata** Group, **JSW** Group, **Reliance** Industries Limited, **ITC** Limited, and many more towards helping the nation cope with the surging COVID-19 cases in the country.

## India-Saudi Security Ties Getting Stronger

While energy security continues to dominate the agenda, security and defense cooperation are becoming more important in the India-Saudi relationship.

India-Saudi relations began to assume a certain dynamism after Indian Prime Minister Manmohan Singh's visit to the Kingdom in 2010.

The signing of the Riyadh Declaration is considered an important marker in the bilateral ties, elevating the relationship to a strategic partnership.

Oxygen plants in every district to ensure adequate oxygen availability...

An important decision that will boost oxygen availability to hospitals and help people across the nation. [pib.gov.in/PressReleaseDet...](https://pib.gov.in/PressReleaseDet...)

2:13 PM · Apr 25, 2021 · Twitter for iPhone

The PM CARES Fund has given in-principle approval for allocation of funds for **installation of 551 dedicated Pressure Swing Adsorption (PSA) Medical Oxygen Generation Plants inside public health facilities** in the country.

PM has directed that these **plants should be made functional as soon as possible.**

These dedicated plants will be **established in identified Government hospitals in district** headquarters in various States/UTs.

The **procurement will be done through Ministry of Health and Family Welfare.**

**Q. Which among the following statement is correct?**

- A) Jet engine can work, where there is no atmosphere
- B) Rocket engines cannot work, where there is no atmosphere
- C) Rocket engines carry oxygen required for the combustion
- D) Jet engines also carry oxidiser
